Solutions

S1. Ans.(a)

Sol. In the above question we have to find assumptions made for the given statement.

For Statement I- True, Because It discusses about impacts of Donald Trump's Tax plans on America's economy after it's implementation.

For Statement II-True, Because it is clear from the above statement that with new Tax plans Mr. Trump hopes to bring the cash back to it's economy by this new tax plan.

For Statement III-True, because the capital generated from Tax plans will increase the investments.

S2. Ans.(c)

Sol. In the above question we have to find the cause and effect among the given statements.

It is clear from the above statements that Statement III is the cause and Statement I is it's effect as the quota system influence the lending system and because of that Mr. Jaitley has demanded reforms to it.

Whereas Statement II has it's own independent cause as it discusses about the loan India is taking from NDB.

S24. Ans.(c)

Sol. In the above question we have to check that which statement supports the above statement.

For Statement I- True, because this statement discusses the reason behind the slowdown of economy.

For Statement II- False, because this statement is clearly indicating that the economy is still growing.

For Statement III-True, because this statement clarifies that slowdown of economy can be improved by improving some areas.

S25. Ans.(a)

Sol. In the above statement we have to find the cause and effect among them.

Statement I will be the cause and Statement II and III will be it's effects as banks would need to change it's IT system and will provide state wise data because of changes in banking system after GST invokes.

S26. Ans.(b)

Sol. From the given statement, we have to find connecting data such as –

L is the cousin of I and sits 2nd left of I and one of them sit at the extreme end.

G faces to the Grandmother of I. G is neither an immediate neighbor of L nor sits any extreme ends of the row.

Q sits at one of the extreme end and she is the wife of I also she sits immediate left to the Brother of I.

There are two seats between the brother and Aunt of I. Grandmother of I sits immediate left to the vacant seat.

More than one person sits between S and the one who faces Brother-in-law of I. Only one person sits

between the one who is the Sister and the one who is Mother of I. G is not a sister of I. We have 3 possibilities

i.e. Case 1, Case 2 and Case 3.

From the given statement, Number of person(s) Sit(s) between S and V is equal to the number of person(s) sit(s) between R and S. Case 1 and Case 2 is ruled out because statement not satisfied in these statements.

V does not sits at any of the extreme ends of the row. Vacant seat of row 2 is opposite to the one who sits 3rd left of H. Now position of P and H will be fixed also, relation of R will be defined as Uncle. Final arrangement will be---

S27. Ans.(e)

S85. Ans.(c)**Sol.**

From (i) and (ii)

Let number of pages typed by first team be x.

Second team be y and by third team be z.

Then,

$$y + z = 3x \dots(i)$$

$$x + z = 2y \dots(ii)$$

from both equation,

$$x : y : z \rightarrow 3 : 4 : 5$$

both the statements are required.

S86. Ans.(C)

Sol.

From I, Total profit = 54000

Time = 1 year

From II, we will get the ratio of investment of R, V and A = 3 : 4 : 2

Both the statements I & II taken together are necessary to answer

S87. Ans.(e)

Sol.

Let the original fraction be $\left(\frac{x_1}{y_1}\right)$ & other fraction be $\left(\frac{x_2}{y_2}\right)$

ATQ,

$$\frac{x_1 \times \frac{140}{100}}{y_1 \times \frac{150}{100}} = \frac{84}{100} \times \frac{x_2}{y_2}$$

$$\frac{x_1}{y_1} = \frac{84}{100} \times \frac{x_2}{y_2} \times \frac{1.5}{1.4}$$

$$\frac{x_1}{y_1} = \frac{9x_2}{10y_2}$$

$$\Rightarrow \frac{y_1}{x_1} = \frac{10y_2}{9x_2} \dots (i)$$

$$\frac{y_1}{x_1} + \frac{y_2}{x_2} = \frac{57}{25} \dots (ii)$$

Put value of (i) in (ii)

$$\frac{y_2}{x_2} = \frac{27}{25} \dots (iii)$$

Put value of (iii) in (i)

$$\frac{y_1}{x_1} = \frac{10}{9} \times \frac{27}{25} = \frac{6}{5}$$

$$\frac{x_1}{y_1} = \frac{5}{6}$$

So, original fraction would be $\left(\frac{5}{6}\right)$

S88. Ans.(d)

Sol.

ATQ,

$$\frac{7}{15} = \frac{(30 \times \frac{2}{5} + (x) \times \frac{1}{2})}{30+x}$$

$$\frac{7}{15} = \frac{12 + \frac{x}{2}}{30+x}$$

$$\frac{7}{15} = \frac{24+x}{2(30+x)}$$

$$\frac{7}{15} = \frac{24+x}{2(30+x)}$$

$$420 + 14x = 360 + 15x$$

$$x = 60\ell$$

S89. Ans.(b)**Sol.**

Let the score of Batsman B is 'x' and the score of Batsman A is '45 + x'

ATQ,

$$\frac{x + 45}{x} = \frac{29}{20}$$

$$20x + 900 = 29x$$

$$x = 100$$

Score of Batsman B = x

$$= 100 \text{ runs}$$

Score of Batsman A = x + 45

$$= 145 \text{ runs}$$

$$\text{Team's total} = \frac{(100 + 145)}{70} \times 100$$

$$= 350 \text{ runs}$$

$$\text{Required \%} = \frac{100}{350} \times 100$$

$$= \frac{200}{7} \%$$

$$= 28\frac{4}{7} \%$$

S90. Ans.(a)**Sol.** Ratio of A's efficiency to B's efficiency

$$= (100 + 100) : 100$$

$$= 200 : 100$$

$$= 2 : 1$$

⇒ Ratio of time taken by 'A' and 'B' alone to complete the work = 1 : 2

Let 'A' and 'B' can complete the work alone in x and 2x days.

$$\Rightarrow \text{'C' can complete the work alone in } \frac{2x}{1.5} = \frac{4x}{3}$$

ATQ,

$$\frac{4x}{3} - x = 6$$

$$\Rightarrow x = 18$$

A, B and C alone can complete the work in 18, 36 and 24 days respectively.

Work done in one day by all three

$$= \frac{1}{18} + \frac{1}{36} + \frac{1}{24}$$

$$= \frac{4 + 2 + 3}{72}$$

$$= \frac{9}{72}$$

$$= \frac{1}{8}$$

⇒ A, B and C can complete the work together in 8 days

S91. Ans.(d)

Sol.

Let total profit = $100x$

A get 20% of total profit for managing business = $20x$

Remaining profit is shared in the ratio of their profit sharing

$$= 8000 \times 5 : 10,000 \times 12$$

$$= 1 : 3$$

Remaining profit is divided between A and B in the ratio 1 : 3.

$$\Rightarrow \text{A's total profit} = 20x + 80x \times \frac{1}{4}$$

$$= 20x + 20x$$

$$= 40x$$

ATQ,

$$40x = 2500$$

$$\Rightarrow \text{Total profit} = 100x = \frac{2500}{40} \times 100$$

$$= 6250$$

S92. Ans.(c)

Sol.

Total balls = $x + 10$

Probability of choosing 2 blue balls = ${}^xC_2 \div {}^{x+10}C_2 = 0.125$

ATQ,

$$\frac{x \times (x-1)}{(10+x) \times (9+x)} = \frac{125}{1000} = \frac{1}{8}$$

$$8(x^2 - x) = (10+x)(9+x)$$

$$8x^2 - 8x = 90 + 9x + 10x + x^2$$

$$7x^2 - 27x - 90 = 0$$

$$7x^2 - 42x + 15x - 90 = 0$$

$$7x(x-6) + 15(x-6) = 0$$

$$(7x+15)(x-6) = 0$$

$$x = 6, \frac{-15}{7}$$

blue balls = $x = 6$

Total number of balls in the box = $5 + 5 + 6 = 16$

S93. Ans.(c)**Sol.**Let speed of Sawan while going to Kanpur from Delhi = $8x$ km/hrSo, speed of Sawan when returning to Delhi from Kanpur = $7x$ km/hr

ATQ

$$\frac{560}{7x} - \frac{560}{8x} = 2.5$$

$$\Rightarrow \frac{560}{x} \left(\frac{8-7}{56} \right) = 2.5$$

$$x = 4$$

$$\text{so, time required in whole journey} = \frac{560}{7 \times 4} + \frac{560}{8 \times 4} = 20 + 17.5 = 37.5 \text{ hours}$$

S94. Ans.(a)**Sol.**Let total Unit of work is $60x$ unitSo, 1 days' work of A = $4x$ 1 days' work of B = $3x$ 1 days' work of C = $2x$ Let C's share for work is Rs. y

ATQ,

$$\frac{4}{3}(6000+y) + \frac{3}{3}(6000+y) + y = 18000$$

$$\Rightarrow y = 1200$$

So, A's share of Income = 9600

B's share of Income = 7200

C's share of Income = 1200

So ratio of work completed by A, B and C is 8 : 6 : 1

$$\text{So, time for which A worked} = \frac{60x \times 8}{15 \times 4x} = 8 \text{ days}$$

**S95. Ans.(b)****Sol.**Let Mitra and Mohit's investment be $4x$ and $11x$ respectively.

$$\text{Maya's investment} = 11x \times \frac{12}{11} = 12x$$

Ratio of their investment = 4 : 11 : 12

	Mitra	Mohit	Maya
Investment	4	11	12
	\times	\times	\times
Time	12	12	6
Profit Ratio	48	132	72

Ratio of profit share

Mitra : Mohit : Maya = 4 : 11 : 6

Now profit of Mitra and Maya together = Rs. 37560

$$\text{So, difference between profit share of Mohit and Maya} = \frac{37560}{(4+6)} \times (11 - 6) = \text{Rs } 18780$$

S96. Ans.(c)

Sol.

We will solve by this type in each question

Let X type car produced in 2011 = x

\Rightarrow Y type car produced in 2011 = 1.25x

ATQ,

$$x + 1.25x = 720$$

$$\Rightarrow x = 320$$

Y type car produced in 2011 = $1.25 \times 320 = 400$

In Short

In 2011

$$100 + 125 \rightarrow 720$$

$$\Rightarrow 125 \rightarrow \frac{720}{225} \times 125 = 400$$

Y type car produced in 2011 = $1.25 \times 320 = 400$

In 2012

$$100 + 140 \rightarrow 960$$

$$\Rightarrow 140 \rightarrow \frac{960}{240} \times 140 = 560$$

In 2014

$$100 + 110 \rightarrow 1260$$

$$\Rightarrow 110 \rightarrow \frac{1260}{210} \times 110 = 660$$

In 2016

$$100 + 135 \rightarrow 940$$

$$\Rightarrow 135 \rightarrow \frac{940}{235} \times 135 = 540$$

Total Y type car produced in 2011 and 2012 together = $400 + 560 = 960$

Total Y type car produced in 2014 and 2016 together = $660 + 540 = 1200$

$$\text{Required \%} = \frac{960}{1200} \times 100 = 80\%$$

S97. Ans.(d)

Sol.

We will solve by this type in each question

Let X type car produced in 2011 = x

⇒ Y type car produced in 2011 = 1.25x

ATQ,

$$x + 1.25x = 720$$

$$\Rightarrow x = 320$$

$$Y \text{ type car produced in 2011} = 1.25 \times 320 = 400$$

In Short

In 2011

$$100 + 125 \rightarrow 720$$

$$\Rightarrow 125 \rightarrow \frac{720}{225} \times 125 = 400$$

In 2011

$$100 + 125 \rightarrow 720$$

$$\Rightarrow 100 \rightarrow \frac{720}{225} \times 100 = 320$$

In 2012

$$100 + 140 \rightarrow 960$$

$$\Rightarrow 100 \rightarrow \frac{960}{240} \times 100 = 400$$

In 2013

$$100 + 150 \rightarrow 1100$$

$$\Rightarrow 100 \rightarrow \frac{1100}{250} \times 100 = 440$$

In 2015

$$100 + 140 \rightarrow 1320$$

$$\Rightarrow 100 \rightarrow \frac{1320}{240} \times 100 = 550$$

$$\text{Required ratio} = \frac{320+400}{440+550} = \frac{720}{990} = \frac{8}{11}$$

S98. Ans.(b)

Sol. We will solve by this type in each question

Let X type car produced in 2011 = x

⇒ Y type car produced in 2011 = 1.25x

ATQ,

$$x + 1.25x = 720$$

$$\Rightarrow x = 320$$

$$\text{Y type car produced in 2011} = 1.25 \times 320 = 400$$

In Short

In 2011

$$100 + 125 \rightarrow 720$$

$$\Rightarrow 125 \rightarrow \frac{720}{225} \times 125 = 400$$

In 2016,

Let X type car produced = x

⇒ Y type car produced = 1.35x

ATQ,

$$x + 1.35x = 940$$

$$\Rightarrow x = \frac{940}{2.35} = 400$$

$$1.35x = 540$$

Total cars produced in 2017

$$= 940 \times \frac{135}{100} = 1269$$

X type car produced in 2017

$$= 400 \times \frac{162}{100}$$

$$= 648$$

Y type car produced in 2017

$$= 1269 - 648$$

$$= 621$$

$$\text{Required \%} = \frac{621-540}{540} \times 100$$

$$= \frac{81}{540} \times 100 = 15\%$$

Non-defective Y type cars produced in 2012 and 2014 together

$$\begin{aligned} &= 560 \times \frac{80}{100} + 660 \times \frac{70}{100} \\ &= 448 + 462 = 910 \end{aligned}$$

S101. Ans.(d)

Sol. Refer the first paragraph of the passage, "You're living in, dare I say, a creative phase of politics. Rich in ideas and arguments, intense in its interplay of passions, nuanced in its undertones of morality and ethics, and ambitious in its pursuit of freedom, politics today, as a genre in creativity, is as good as the original works in other realms of the human mind, be it fiction or philosophy." So only statements (I) and (III) explain what author meant to convey with the help of the given phrase. Hence (d) is the correct option.

S102. Ans.(c)

Sol. Refer the last paragraph of the passage, "'Outsider' has already become a worn-out word, and most totemic outsiders are today insiders..... The outsider, the undisputed protagonist of the political drama, is born from the rotten remains of politics as usual." Statements (I) and (II) can be easily inferred from these sentences while statement (III) is vague as there is no mention of beliefs in cultural purity by the outsider in any part of the passage. Hence only statements (I) and (II) describe the concept of "outsider" in modern politics in context of the passage.

S103. Ans.(c)

Sol. Refer the first sentence of the second paragraph, "A sign of the times could be the profusion of political titles in publishing. They are mostly built on the themes of populism, outsiderhood, globalisation and resentment." Thus the establishment of modern political titles is based on themes mention in statements (I) and (II). It is to be noted that both the themes "Resentment" and "Antagonism" almost mean the same. Hence (c) is the correct choice.

S104. Ans.(a)

Sol. Read the fourth paragraph carefully, it is clearly mentioned that how politics has evolved over time, the modern politics has no significance in comparison to the old and historical one. Today politics has its own ideologies which are marked as ordinary by the author. Hence only option (a) summarizes the paragraph appropriately and explains its context briefly and precisely.

SCALE - I

10 FULL LENGTH MOCKS
Bilingual
VALIDITY : 1 MONTH

S105. Ans.(b)

Sol. Refer the last paragraph of the passage, "He is a rejoinder to the three big 'E's that cause resentment: Establishment, Entrenchment and Entitlement." Thus, only statement (II) is correct in context of the passage which can be considered to be the cause of the resentment to the modern politics. Hence (b) is the correct option.

S106. Ans.(b)

Sol. Refer the third paragraph of the passage, "Elsewhere, in a vassal state, revolution earned an adjective as romantic as 'velvet', and in the vanguard of its freedom struggle were writers and singers. In the end, the philosopher would be king. It was a time when an idea that promised man an alternative more liberating than religion proved to be history's biggest ghost story." Hence only option (b) explains the meaning of the ghost story as mentioned in the passage.

S107. Ans.(e)

Sol. **Legion** means a vast number of people or things. **Throng** means a large, densely packed crowd of people or animals. Hence both are similar in meanings.

Conclave means a private meeting.

S108. Ans.(b)

Sol. Read the first paragraph of the passage carefully. Except option (IV), all are true regarding the meaning of "Formal dispute settlement at the WTO is a last-resort option".

S109. Ans.(e)

Sol. It does not require any approval. For reference, read the second paragraph of the passage.

S110. Ans.(c)

Sol. Only options I, II and III are correct. Refer the third sentence onwards of the third paragraph of the passage.

S111. Ans.(a)

Sol. Refer the second sentence of the second-last paragraph of the passage, "If a country is found to be at fault with the rules, it is expected to promptly correct the measure at issue." Hence option (a) is correct.

S112. Ans.(d)

Sol. For option III, Refer the first sentence of the seventh paragraph. For option IV, Refer the fifth sentence of the second-last paragraph. Option II is wrong in that mediation etc. part is not independent of consultations (Refer fourth paragraph).

S113. Ans.(d)

Sol. Option (d) matches the given figures correctly.

S114. Ans.(e)

Sol. **Subsequent** means coming after something in time; following hence **ensue** is the word most similar in meaning.

S115. Ans.(e)

Sol. Profound means (of a state, quality, or emotion) very great or intense hence **fervent** is the word most similar in meaning.

S116. Ans.(a)

Sol. Statement (A) and (B) can be joined together using the subordinating clause **“So that”**. ‘So that’ is used as a subordinate clause to show purpose or to give an explanation. It is used to show an action producing an intended result or a cause producing an effect. Both the sentences are in the similar context and sentence (B) is intended outcome of statement (A), Therefore the statement thus formed is **“The prison service should try to rehabilitate and improve the quality of life of prisoners so that they can lead normal lives when they leave prison.”** Hence, option (a) is the most viable answer choice.

S117. Ans.(b)

Sol. Option (b) is the correct choice. **Statements (A) and (C)** can be joined together using the preposition “alongside”. ‘Alongside’ is a preposition, which means *close to the side of; next to*. Thus, the sentence then formed using statements (A) and (C) is **“Scientists at the Massachusetts Institute of Technology (MIT) Computer Science and Artificial Laboratory (CSAIL) have created a soft, robotic fish that can swim on its own alongside other fish in the ocean to get an up close and personal look for scientists.”** The other statements fail to be combined using the conjunction “alongside”.

S118. Ans.(c)

Sol. Option (c) is the correct choice. **Statement (A) and (D)** can be linked together using the phrasal conjunction “Nonetheless”. The conjunction **“Nonetheless”** means *‘although; in spite of the fact that’*. The sentence thus formed is **“The Facebook founder and CEO Zuckerberg claimed not to be familiar with shadow profiles, nonetheless, he has confirmed and accepted that his company collects information on nonusers.”** Other given statements couldn’t be joined together using “nonetheless” as they fail to form a coherent sentence.

S119. Ans.(c)

Sol. Option (c) is the correct answer choice. **Statement (B) and (D)** can be linked together to form a coherent sentence using the phrasal conjunction ‘even though’. **“Even though”** is used to express despite the fact that. Therefore, the sentence thus formed is **“Even though my mom was talented and had a college degree, she lived in the era when the conventional wisdom in Dallas was that my dad worked, she was supposed to stay home and take care of the kids, and nothing more.”** All the other statements cannot be combined to form a meaningful sentence.

S120. Ans.(d)

Sol. Option (d) is the correct choice. **Statements (A) and (D)** along with **statements (B) and (C)** can be joined together using the conjunction “Lest”. **“Lest”** means *(after a clause indicating fear) because of the possibility of something undesirable happening; in case*. Clauses introduced by “lest” are similar to purpose clauses. “Lest” means *“for fear that”* and is followed by *should + infinitive*. Therefore, the sentences thus formed are Firstly, **“Anna could not keep back her tears, while confronting the chief investigating officer and the chief cause of her pain seemed to be the fear lest people should doubt her truthfulness.”** Secondly, **“You shouldn’t steal from someone else’s car on federal property lest you want to face a potentially lengthy federal prison sentence”**. No other combinations provide a coherent sentence.

S121. Ans.(a)

Sol. "*wonder/ponder*" is the correct set of words that fits perfectly into the provided space. Moreover, both these words give the similar meaning to the sentence which is contextually meaningful. Hence option (a) is the most appropriate choice.

Wonder means desire to know something; feel curious.

Ponder means think about (something) carefully, especially before making a decision or reaching a conclusion.

Idolize means admire, revere, or love greatly or excessively.

Distract means prevent (someone) from concentrating on something.

S122. Ans.(c)

Sol. "*increasing/refreshing*" is the correct set of words that fits perfectly into the provided space. Moreover, both these words give the similar and contextual meaning to the sentence. Hence option (c) is the correct choice.

Distress means extreme anxiety, sorrow, or pain.

Crumble means break or fall apart into small fragments, especially as part of a process of deterioration.

Fatigue means cause (someone) to feel exhausted.

S123. Ans.(b)

Sol. "*tackle/address*" is the correct set of words that fits perfectly into the provided space. Moreover, both these words give the similar and contextual meaning to the sentence. Hence option (b) is the correct choice.

Tackle means make determined efforts to deal with (a problem or difficult task).

Venture means undertake a risky or daring journey or course of action.

Materialize means become actual fact; happen.

Contrive means create or bring about (an object or a situation) by deliberate use of skill and artifice.

S124. Ans.(d)

Sol. "*consequential/significant*" is the correct set of words that fits perfectly into the provided space. Moreover, both these words give the similar and contextual meaning to the sentence. Hence option (d) is the correct choice.

Consequential means important; significant.

Deliberate means done consciously and intentionally.

S125. Ans.(a)

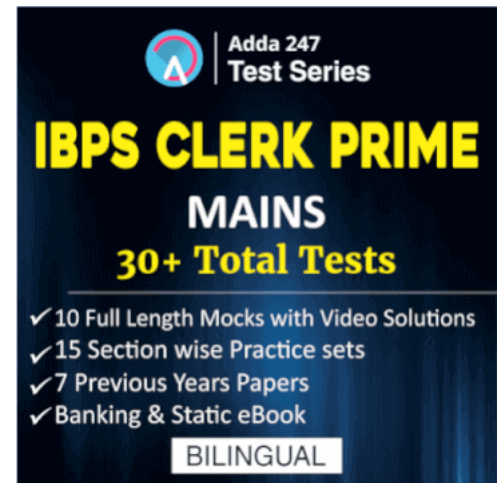

Sol. "*trail/movement*" is the correct set of words that fits perfectly into the provided space. Moreover, both these words give the similar and contextual meaning to the sentence. Hence option (a) is the correct choice.

Trail means a mark or a series of signs or objects left behind by the passage of someone or something.

Scope means the extent of the area or subject matter that something deals with or to which it is relevant.

Aftermath means the consequences or after-effects of a significant unpleasant event.

Dangle means hang or swing loosely.

S126. Ans.(c)

Sol. "*fighting/contesting*" is the correct set of words that fits perfectly into the provided space. Moreover, both these words give the similar and contextual meaning to the sentence. Hence option (c) is the correct choice.

Breach means an act of breaking or failing to observe a law, agreement, or code of conduct.

Fray means (of a fabric, rope, or cord) unravel or become worn at the edge, typically through constant rubbing.

Broil means become very hot, especially from the sun.

Withstand means remain undamaged or unaffected by; resist.

S127. Ans.(e)

Sol. "*discard/scrap*" is the correct set of words that fits perfectly into the provided space. Moreover, both these words give the similar and contextual meaning to the sentence. Hence option (e) is the correct choice.

Discard means get rid of (someone or something) as no longer useful or desirable.

Scrap means discard or remove from service.

Uphold means confirm or support (something which has been questioned).

Take in means deceive.

Flake out means leave behind, relinquish.

S128. Ans.(b)

Sol. "*straitjacket/barrier*" is the correct set of words that fits perfectly into the provided space. Moreover, both these words give the similar and contextual meaning to the sentence. Hence option (b) is the correct choice.

Straitjacket means a severe restriction on freedom of action, development, or expression.

Impediment means a hindrance or obstruction in doing something.

Deprivation means the lack, or denial of something considered to be a necessity.

S129. Ans.(a)

Sol. "*responsive/amenable*" is the correct set of words that fits perfectly into the provided space. Moreover, both these words give the similar and contextual meaning to the sentence. Hence option (a) is the correct choice.

Responsive means reacting quickly and positively.

Amenable means open and responsive to suggestion; easily persuaded or controlled.

Impassive means not feeling or showing emotion.

Complying means acting in accordance with a wish or command.

S130. Ans.(d)

Sol. "*reconcile/resolve*" is the correct set of words that fits perfectly into the provided space. Moreover, both these words give the similar and contextual meaning to the sentence. Hence option (d) is the correct choice.

Incite means encourage or stir up (violent or unlawful behaviour).

Disperse means distribute or spread over a wide area.

Reconcile means settle (a quarrel).

Modify means make partial or minor changes to (something).

S131. Ans.(d)

Sol. (d) is the correct answer as the North Korean leader has pledged in both (I) and (II) about his intention of denuclearisation.

(III) cannot be the answer as it is not about pledge of denuclearisation of North Korea instead it is talking about the conditions required for denuclearization and North Korea's past blunders.

S132. Ans.(b)

Sol. (II) is the answer of Q2 as it narrates the hard work and dedication Vinesh Phogat has to go through to recover from injury.

(I) cannot be the answer as it tells about the injury but not about how Vinesh recovered from it.

(III) cannot be the answer as it tells about her personality, her fighting spirit but not about how Vinesh recovered from the injury.

S133. Ans.(a)

Sol. (I) and (III) both talk about Dubai's sandy landscape while (II) talks about Dubai Creek which is a narrow, sheltered waterway, especially an inlet in a shoreline or channel in a marsh therefore only (I) and (III) can be our answer and (II) cannot.

S134. Ans.(d)

Sol. All (I), (II) and (III) show how an engine with more number of cylinder can have more power in comparison to another engine of same size but with lesser number of cylinders.

S135. Ans.(b)

Sol. only (III) statement talks about India taking on China.

(I) talks about foreign countries reluctant relations with China.

(II) talks about India's lack of funding for military modernization.

S136. Ans.(d)

Sol. Both the sentences (II) and (III) are grammatically and contextually correct. However, there is an error in the first sentence; It is to be noted that in this case the subject is singular [**The science of course**] therefore, the plural verb "**play**" should be replaced by its singular "**plays**" to comply with the subject-verb agreement. Hence option (d) is the correct choice.

S137. Ans.(e)

Sol. All the given sentences are both grammatically correct and contextually meaningful. Hence option (e) is the correct choice.

S138. Ans.(c)

Sol. Both the sentences (I) and (II) are grammatically and contextually correct. However, the third statement carries a grammatical mistake; the conjunction "**but**" should be removed as it is superfluous to the sentence. It is to be noted that the sentence is already connected by another conjunction "**though**" which means **despite the fact that; although**. So, the use of another conjunction in the same context is incorrect. Hence option (c) is the correct choice.

S139. Ans.(a)

Sol. Only the first sentence is grammatically correct. There are errors in both the second and the third statements. In the second case, the noun '**territory**' should be replaced by the adjective '**territorial**' to make the sentence grammatically correct. In the third statement, the plural subject '**views**' should be replaced by its singular '**view**' to follow the rule of subject-verb agreement. Hence option (a) is the correct choice.

S140. Ans.(e)

Sol. All the given sentences are both grammatically correct and contextually meaningful. Hence option (e) is the correct choice.

S141. Ans.(a)

Sol. The correct sequence of sentences after the rearrangement is **FDCAEB**. Hence, the correct answer choice is option (a).

S142. Ans.(b)

Sol. The correct sequence of sentences after the rearrangement is **FDCAEB**. Hence, the correct answer choice is option (b).

S143. Ans.(e)

Sol. The correct sequence of sentences after the rearrangement is **FDCAEB**. Hence, the correct answer choice is option (e).

S144. Ans.(d)

Sol. The correct sequence of sentences after the rearrangement is **FDCAEB**. Hence, the correct answer choice is option (d).

S145. Ans.(c)

Sol. The correct sequence of sentences after the rearrangement is **FDCAEB**. Hence, the correct answer choice is option (d).

S146. Ans.(a)

Sol. Option (a) is the correct choice. *The paragraph is describing about various stages of life forms. The loss or death or destruction is a part of life and will occur inevitably.* Thus, the next sentence that shall complete the paragraph should further elaborate to conclude the thought on the death and destruction. Except for option (a) all the other statements fail to adhere the theme of the paragraph. Therefore, the paragraph can be completed using the statement "**Death and destruction can never be "avenged".**"

S147. Ans.(d)

Sol. Option (d) is the most suitable choice. *The paragraph is describing about the floodplains and the water accumulated in rivers. The sentence before the blank has described about the water accumulated in Himalayan rivers.* The next sentence that should provide coherence to the paragraph must describe about the way through which this water is collected. This is mentioned only in option (d) [**Since recharge is by rainfall and during late floods, the water quality is good**]. All the other given options cannot be interlinked with the paragraph and are befitting to the blank provided.

S148. Ans.(a)

Sol. The given paragraph is about the role of AI and internet-based learning software in the field of teaching. Read the sentences prior to the blank space, it cites certain protocols which can make the medium of teaching quite easier. Among the given options, only sentence (a) fits perfectly into the theme of the paragraph. Other sentences given as options are unsuitable and irrelevant in the context of the paragraph. Hence option (a) is the correct choice.

S149. Ans.(c)

Sol. The first line of the paragraph itself generates the theme of the paragraph. Read the sentence just following the blank space, it talks about the existence of cultural anxieties in politics. Thus, the sentence which can fill up the blank coherently is option (c). Other statements given as options are irrelevant to the given blank as they all are out of the context. Hence option (c) is the correct choice.

S150. Ans.(e)

Sol. The given paragraph is about the policies and terms and conditions related to the crop insurance. Read the sentences prior to the blank space, it mentions that there is catch 22 situations between the farmer and the insurance company. Among the given options, only statement (e) gives the befitting conclusion to the paragraph. Other options, though sound similar to the theme of the paragraph, cannot be the used as an appropriate conclusion. Hence option (e) is the correct choice.

S151. Ans.(d)
