BOOKS

A grid of 48 book covers from Adda247 Publications, organized in 6 rows and 8 columns. The books cover various exam categories:

- Row 1:** "THE CRACKER" PRACTICE BOOK FOR GEOMETRY (800+ questions); 100 SSC CGL (10,000+ questions); "THE CRACKER" PRACTICE BOOK FOR MENSURATION (850+ questions); 20+ SSC CGL TIER-II / MAINS 2015-18 (3100 questions); Ace SSC ARITHMETIC; Ace SSC ADVANCED MATHS.
- Row 2:** Ace SSC GENERAL INTELLIGENCE & REASONING; Ace SSC ENGLISH LANGUAGE & COMPREHENSION BOOK; Ace SSC GENERAL AWARENESS; INSURANCE EXAMS PREVIOUS YEARS' PAPER 2016-2018 (1800+ questions); BANK PO & CLERK PRELIMS PREVIOUS YEARS' PAPERS BOOK (2400+ questions); BANK PO | CLERK MAINS PREVIOUS YEARS' PAPERS (2000+ questions).
- Row 3:** "THE CRACKER" BANK MAINS EXAMS (2000+ questions); 20+ IBPS PO PRELIMS 2018 MOCK PAPER (2200 questions); 20+ IBPS CLERK CWE-VIII IBPS CLERK PRELIMS 2018 MOCK PAPERS (2300 questions); 50+ BANK PO & CLERK 2016-18 (6800+ questions); A COMPLETE BOOK OF PUZZLE & SEATING ARRANGEMENT (2500+ questions); A COMPLETE BOOK OF DATA INTERPRETATION & ANALYSIS (2000+ questions).
- Row 4:** Ace IT OFFICER Professional Knowledge; BANK EXAMS INTERVIEWS (JOB INTERVIEW); Ace BANKING & STATIC AWARENESS; Ace REASONING; Ace QUANT; Ace ENGLISH.

All India MAHA Mock: RRB PO Prelims (17th September 2019) Solutions

S1. Ans.(d)

Sol. G gifted a Watch but did not get Cap and Mobile cover in return. D received a Pen-set in return but did not give Sunglasses and Jacket. H received a Bag in return gift. Neither B nor F gave perfume. E did not get Coffee mug in return gift. E did not gave Shirt nor receive Cap in return gift. H did not gave Sunglasses. B did not get Cap. So we have following conditions-

Person	Gift	Return Gift
B	Perfume	Cap
C		
D	Sunglasses, Jacket	Pen Set
E	Shirt	Coffee mug, Cap
F	Perfume	
G	Watch	Cap, Mobile Cover
H	Sunglasses	Bag

Now, the one who gave Perfume get coffee mug in return. The one who gave Shoes got Wrist band in return. The one who received a Pen set did not gave Shirt. The one who gave Sunglasses did not receive Mobile cover or Bag in return. So the final arrangement will be-

Person	Gift	Return Gift
B	Shirt	Mobile Cover
C	Perfume	Coffee mug
D	Photo frame	Pen set
E	Shoes	Wrist band
F	Sunglasses	Cap
G	Watch	Wallet
H	Jacket	Bag

S2. Ans.(b)

Sol. G gifted a Watch but did not get Cap and Mobile cover in return. D received a Pen-set in return but did not give Sunglasses and Jacket. H received a Bag in return gift. Neither B nor F gave perfume. E did not get Coffee mug in return gift. E did not gave Shirt nor receive Cap in return gift. H did not gave Sunglasses. B did not get Cap. So we have following conditions-

Person	Gift	Return Gift
B	Perfume	Cap
C

S6. Ans.(a)

Sol.

For-I True, plays which are drama can never be biography. Hence conclusion I follow.

For-II False, as there is no direct relation between movies and biography. Hence conclusion II will not follow.

S7. Ans.(a)

Sol.

For-I True, From Venn diagram it is clear that some schools are games.

For-II False, as there is no direct relation between college and games. Hence conclusion II will not hold true.

S8. Ans.(c)

Sol.

For-I Since there is no direct relation between numbers and codes. Therefore, we cannot conclude this.

For-II Since there is no direct relation between numbers and codes. Therefore, we cannot conclude this.

Since subject and predicate are same and it is a case of 'Some' and 'Some not' therefore "Either or" will follow.

S33. Ans.(a)

Sol. I. Using I only we can determine that Rajan stays on 4th floor.

II. Using II alone, we cannot determine if Rajan stays on 2nd or 4th floor.

S34. Ans.(e)

Sol. 2nd, 6th, 10th and 11th letters are O, A, N and G. Word formed is 'AGON'.

S35. Ans.(a)

S36. Ans.(a)

Sol.

Quantity I -

Let length of train be L m

$$108 \times \frac{5}{18} = \frac{L}{8}$$

$$L = 240 \text{ m}$$

Quantity II -

Let length of platform be L

$$108 \times \frac{5}{18} = \frac{L+240}{15}$$

$$L + 240 = 450$$

$$L = 210 \text{ m}$$

So, Quantity I > Quantity II

S37. Ans.(e)

Sol. Total work = $60 \times 45 = 2700$ units

Quantity I -

$$2700 \times \frac{40}{100} = 1080 \text{ units}$$

$$\text{Required days} = \frac{1080}{40} = 27 \text{ days}$$

Quantity II -

$$\text{Required days} = \frac{2700}{100} = 27 \text{ days}$$

So, Quantity I = Quantity II

S38. Ans.(e)

Sol.

Quantity I -

$$S.I = \frac{P \times R \times T}{100}$$

$$R = \frac{2025 \times 100}{6400 \times 2.5}$$

$$R = 15\%$$

Quantity II -

$$\text{Total interest of two year} = \frac{8464 - 6400}{6400} \times 100$$

$$= 32.25$$

32.25% is equivalent CI of two year at 15%

Note: R% equivalent for two years is $R + R + \frac{R \times R}{100}$

$$15 + 15 + \frac{15 \times 15}{100} = 32.25\%$$

$$\text{So } R = 15\%$$

So, Quantity I = Quantity II

Let Veer share = x

Sameer share = 10x

Divyaraj share = $10x \times \frac{40}{100} = 4x$ Given, $x + 10x + 4x = 1215$ $x = 48.6$ Divyaraj share = $4 \times 48.6 = 194.4$ Rs.**Quantity II -**

696.6 Rs.

So, Quantity I < Quantity II**S40. Ans.(e)****Sol.****Quantity I -**Marked price = $\frac{750+60}{90} \times 100$
= 900 Rs.**Quantity II -**Selling price = $1440 \times \frac{75}{100} \times \frac{85}{100} = 918$ Rs.Cost price = $918 - 18 = 900$ Rs.**So, Quantity I = Quantity II****S41. Ans.(d)****Sol.** Let total quantity of mixture of milk and water in vessel = 11x litersQuantity of milk in mixture = $11x \times \frac{3}{11} = 3x$ l

Quantity of milk in the final mixture when

given process repeated two times = $3x \left(1 - \frac{1}{4}\right)^2$ = $3x \times \frac{9}{16}$ = $\frac{27x}{16}$

ATQ -

 $\frac{27x}{16} = 40.5$ $x = \frac{40.5 \times 16}{27}$ $x = 24$ Initial quantity of water in the mixture = $24 \times 8 = 192$ l**S42. Ans.(a)****Sol.**

Let Veer, Sameer & Gopal initial investment be

10x, 12x & 9x respectively

Profit share of Veer, Sameer & Gopal

= $(10x + 10x - 1000) : (12x + 12x - 1200) : (9x + 9x - 1500)$ = $(20x - 1000) : (24x - 1200) : (18x - 1500)$

ATQ -

$$\frac{(24x-1200)}{(20x-1000)+(18x-1500)} = \frac{16200}{40950-16200}$$
$$\frac{(24x-1200)}{(38x-2500)} = \frac{36}{55}$$

$$110x - 5500 = 114x - 7500$$

$$4x = 2000$$

$$x = 500 \text{ Rs.}$$

$$\text{Initial investment of Gopal} = 9 \times 500 = 4500 \text{ Rs.}$$

S43. Ans.(c)

Sol. Given,

$$39675 = 30000 \times \left(1 + \frac{x}{100}\right)^2$$

$$\left(1 + \frac{x}{100}\right)^2 = \frac{39675}{30000}$$

$$\left(1 + \frac{x}{100}\right)^2 = \frac{529}{400}$$

$$\left(1 + \frac{x}{100}\right) = \frac{23}{20}$$

$$\frac{x}{100} = \frac{23-20}{20}$$

$$x = 15\%$$

$$\text{New rate} = (15 + 5) = 20\%$$

$$\text{Required compound interest} = 30,000 \left[\left(1 + \frac{20}{100}\right)^2 - 1 \right]$$

$$= 30,000 \times \frac{11}{25}$$

$$= 13200 \text{ Rs.}$$

S44. Ans.(a)

Sol. Let age of Veer, Sameer, Divyaraj & Ayush be V, S, D & A respectively.

ATQ -

$$V + S = 2D + 6 \text{ ----- (i)}$$

$$V + A = 2D \text{ ----- (ii)}$$

$$\text{Given, } \frac{S+A}{2} = 25$$

$$S + A = 50 \text{ ----- (iii)}$$

$$\text{And, } \frac{V+S+D+A}{4} = 25$$

$$V + S + D + A = 100 \text{ ----- (iv)}$$

From (i) & (ii) -

$$S - A = 6 \text{ ----- (v)}$$

From (iii) & (v) -

$$2S = 56$$

$$S = 28 \text{ years}$$

$$A = 22 \text{ years}$$

From (i) (iii) & (iv) -

$$V + S + D + A = 100$$

$$D = 24 \text{ years}$$

$$V = 100 - (28 + 24 + 22)$$

$$V = 26 \text{ years}$$

Required difference between age of Veer and

$$\text{Divyaraj} = 26 - 24 = 2 \text{ years.}$$

$$1310x + 180 = 2538$$

$$1310x = 2358$$

$$x = 1.8$$

Male child	Adult male	Female child	Adult female
$100 \times 1.8 = 180$	$170 \times 1.8 = 306$	$180 \times \frac{2}{3} = 120$	$180 + 60 = 240$

$$\begin{aligned} \text{Required average} &= \frac{180+120}{2} \\ &= 150 \end{aligned}$$

S53. Ans.(d)**Sol.**

Let number of male child who watching movie = $100x$

So, number of adult male who watching

$$\text{movie} = 100x \times \frac{170}{100} = 170x$$

$$\text{Number of adult female} = 100x + 60$$

$$\text{Number of female child} = 100x \times \frac{2}{3} = \frac{200x}{3}$$

$$100x + 170x + 100x + 60 + \frac{200x}{3} = 846$$

$$1310x + 180 = 2538$$

$$1310x = 2358$$

$$x = 1.8$$

Male child	Adult male	Female child	Adult female
$100 \times 1.8 = 180$	$170 \times 1.8 = 306$	$180 \times \frac{2}{3} = 120$	$180 + 60 = 240$

Adult female who watching movie

$$\text{multiplex 'Q'} = 180 \times \frac{140}{100} = 252$$

Total people watching movie in

$$\text{multiplex 'Q'} = \frac{252}{36} \times 100 = 700$$

$$\text{Required difference} = 846 - 700 = 146$$

**S54. Ans.(d)****Sol.**

$$\text{I. } x^2 - 3x - 5x + 15 = 0$$

$$x(x - 3) - 5(x - 3) = 0$$

$$x = 5, 3$$

$$\text{II. } y^2 - 5y - 6y + 30 = 0$$

$$y(y - 5) - 6(y - 5) = 0$$

$$y = 5, 6$$

$$x \leq y$$

S55. Ans.(c)**Sol.**

$$\text{I. } 3x^2 - 13x + 14 = 0$$

$$3x^2 - 7x - 6x + 14 = 0$$

$$x(3x - 7) - 2(3x - 7) = 0$$

$$x = 2, \frac{7}{3}$$

$$\text{II. } 2y^2 - 17y + 33 = 0$$

$$2y^2 - 11y - 6y + 33 = 0$$

$$y(2y - 11) - 3(2y - 11) = 0$$

$$y = 3, \frac{11}{2}$$

$$y > x$$

S70. Ans.(a)**Sol.**

Total employees preferred metro from company P = $92 \times \frac{68}{8} = 782$

Total employees preferred metro from company Q = $39 \times \frac{60}{5} = 468$

Total employees preferred metro from company R = $192 \times \frac{55}{15} = 704$

Required sum = $782 + 468 + 704 = 1954$

S71. Ans.(b)

Sol. The suitable answer here is option (b). The answer can be deduced from paragraph 1 where it is mentioned that *it is not difficult to see a majoritarianism in the actions that have taken place in recent times as the victims are from the most marginalized sections of the country, left without protection by the state.*

S72. Ans.(c)

Sol. The appropriate answer is option (c). Refer to paragraph 2 where it is mentioned that *while civilizational norms may place restrictions on individual action, democratic norms singularly protect the individual's inalienable right to life and liberty and place upon the state the responsibility of advancing it.* From this explanation, we can clearly infer that option (a) and option (b) stands out as incorrect since civilizational norms place restrictions on individual action.

S73. Ans.(d)

Sol. The only correct option here is option (d). Refer to paragraph 2, where it is quoted that emphasizing a space program as an objective while failing to highlight the multiple failings of public policy in India makes a mockery of the democratic project, *the principal object of which is the creation of enabling conditions for a valuable life.*

S74. Ans.(c)

Sol. Option (c) is the correct choice. It is the only statement which is definitely false according to the passage. Refer to paragraph 3 where it is mentioned *the only question is whether we have a science policy that is focused enough to monitor and exploit these trends and a government machinery that is both motivated and adept at facilitating a mass transition to cleaner fuel.* Hence it is not clear and comprehensible that India has a focused science policy.

S75. Ans.(b)

Sol. Option (b) is the appropriate answer which can be deduced from paragraph 4 where it is given promising the moon by courting high science while ignoring human development leaves some Indians at the mercy of the mob and India's democracy diminished in our own estimation. Hence the answer.

S76. Ans.(c)

Sol. Unfurled means make or become spread out from a rolled or folded state.

Unrolled means the same.

Amassed means accumulated.

Accrued means collected, gathered.

S77. Ans.(c)

Sol. Provocation means incitement or stimulation.

Conciliation means the action of stopping someone being angry; placation.

Intercession means the action of intervening on behalf of another

Arbitration means peacemaking.

Mediation means negotiation.

S78. Ans.(b)

Sol. Incongruity means incompatibility. Discrepancy means the same.

Consonance means agreement or compatibility between opinions or actions

Concurrence means agreement or consistency.

Aptness means the quality of being appropriate or suitable.

S79. Ans.(d)

Sol. Inalienable means not subject to being taken away from or given away by the possessor.

The correct answer could be conveyable. Conveyable means could be violated.

Hence it is the answer.

Inviolable means never to be broken, infringed, or dishonoured.

Sacrosanct means sacred.

Unassailable means unable to be attacked, questioned, or defeated.

S80. Ans.(e)

Sol. Erratically means in a manner that is not even or regular in pattern or movement; unpredictably.

Capriciously means impulsively.

Eccentrically means deviating from a conventional way.

Hence consistently is the only option.

S81. Ans.(b)

Sol. 'The' will not be used before detail because "in detail, in difficulty, in problem, in fear, in hope, in sense, in conclusion" are idiomatic expressions.

S82. Ans.(c)

Sol. Option (c) is the correct choice for the given question.

"If you set your mind to a goal, **you'll eventually** achieve it" ---- is the correct form.

Explanation: Use the zero conditional (i.e., simple present + simple present) only when a certain result is guaranteed. If the result is likely, use the first conditional (i.e., simple present + simple future).

S83. Ans.(a)

Sol. The correct form is:

On Thursday, I will have known you for a week.

Remember that nonaction verbs like 'to be', 'to seem', or 'to know' are not suited to the future perfect continuous tense. Instead, these verbs take the future perfect tense, which is formed with will + have + past participle.

S90. Ans.(a)

Sol. The correct sequence is **DBACEF**.

B is the fixed sentence which indicates that D must be the first sentence as Congress is handicapped by the fact that they don't have the chief ministerial candidate which is the advantage BJP has as mentioned in the D. After **D-B**, **A** is the suitable choice for the third sentence as it is highlighting the fact that Congress has failed to capitalize on the advantage it had due to the Vyapam scam. **C-E** is giving the reason for Congress' failure in taking the advantage. **F** is stating the impact the factionalism could have over the voters.

S91. Ans.(a)

Sol. The most suitable word that will fill the blank in the given passage is "assistance" as the sentence has described that there is an urgent need of food to survive. Hence, option (a) is the most suitable answer choice.

Hindrance means a thing that provides resistance, delay, or obstruction to something or someone.

Archives means the place where historical documents or records are kept.

S92. Ans.(e)

Sol. Since the sentence has described about the issues such as irregular rainfall, low production within agriculture and the blank is connected using the conjunction "and", it requires an issue in the similar context. All the other words are contextually incorrect in the context of the paragraph, hence option (e) is the most suitable answer choice.

Desertification means the process by which fertile land becomes desert, typically as a result of drought, deforestation, or inappropriate agriculture.

Deluge means a severe flood.

Forestation means establishment of forest growth

S93. Ans.(b)

Sol. The most suitable word that will fill the blank in the given passage is "protracted". Since the paragraph has mentioned about the elongated droughts and the second sentence mentions the adverb "also" indicates that conflicts and terrorism have also been prevailing in Sahel over a period of time. All the other words are irrelevant in context of the paragraph. Hence, option (b) is the most suitable answer choice.

Abbreviated means shorten the duration of; cut short

Hampered means hinder or impede the movement or progress of.

S94. Ans.(d)

Sol. The most suitable word that will fill the blank in the given passage is "vulnerability" as it means the quality or state of being exposed to the possibility of being attacked or harmed, either physically or emotionally. All the other words are contextually incorrect and therefore, cannot be used to fill the blank. Hence, option (d) is the most suitable answer choice.

Obligation means an act or course of action to which a person is morally or legally bound; a duty or commitment.

Immunity means protection or exemption from something, especially an obligation or penalty.

S95. Ans.(e)

Sol. The most suitable word that will fill the blank in the given passage is “underfunded”. It is to be noted that the usage of the adverb “however” in the given sentence indicates a contrast between the clauses. As the initial part of the sentence illustrates about the funding by the organisations, the latter part must suggest the insufficient amount of funds. All the other words are contextually incorrect and therefore, cannot be used to fill the blank. Hence, option (e) is the most suitable answer choice.

Upgraded means raise (something) to a higher standard, in particular improve (equipment or machinery) by adding or replacing components.

Enriched means improve or enhance the quality or value of.

Civilised means bring (a place or people) to a stage of social development considered to be more advanced.

S96. Ans.(b)

Sol. Out of the three given starters, starter (iii) successfully form the grammatically correct and contextually meaningful sentence without altering the intended meaning. Hence, option (b) is the correct answer.

By attacking the BJP government on its “episodic” foreign policy approach, Rahul Gandhi kicked off his first official trip to the UK as the president of the Congress.

S97. Ans.(b)

Sol. Out of the three given starters, starters (i) and (iii) successfully form the grammatically correct and contextually meaningful sentence without altering the intended meaning. Hence, option (b) is the correct answer.

With the centre deciding not to accept any foreign government donations for flood relief, a row has broken out.

A row has broken out over the Centre deciding not to accept any foreign government donations for flood relief.

S98. Ans.(a)

Sol. Among the given starters, starter (i) successfully form the grammatically correct and contextually meaningful sentence without altering the intended meaning. Hence, option (a) is the correct answer.

With the launch of Jio GigaFiber broadband, RIL is trying to be a disrupter in the broadband market in India.

S99. Ans.(e)

Sol. None of the given starters are successful in making a grammatically correct and contextually meaningful sentence upon combining (I) and (II). Hence, option (e) is the correct answer.

The correct sentence could have been ‘Musk declined to comment further on Friday on how he arrived at his decision’.

S100. Ans.(c)

Sol. Out of the three given starters, starter (i) successfully forms the grammatically correct and contextually meaningful sentence without altering the intended meaning. Hence, option (c) is the correct answer.

The car is more than 17 feet long but just 3 feet deep and has a side skirt with a lighting strip.
