S10. Ans. (a)

Sol. "**Commercialize**" fits the blank appropriately. Hence, **option (a)** is the right answer choice.

S11. Ans. (c)

Sol. From the given sentence we can infer that the boat tilted due to which only those who had life jackets could save their life. Among the given words, only '**capsized**' fits perfectly in the given blank to make it contextually and grammatically meaningful. Hence, option (c) is the most suitable answer choice.

Capsized: (of a boat) overturned in the water.

Entailed: involve (something) as a necessary or inevitable part or consequence

Flattered: cause (someone) to feel honoured and pleased.

Profiteered: make or seek to make an excessive or unfair profit, especially illegally.

Imposed: force (an unwelcome decision or ruling) on someone.

S12. Ans. (d)

Sol. The statement mentions the point of view of the government regarding the economic slowdown. Here, the adjective that could qualify quarters can be '**consecutive**', which will therefore mean the downfall in growth for five continuous quarters. Hence, option (d) is the most suitable answer choice.

Consecutive: following each other continuously.

Luxurious: extremely comfortable or elegant, especially when involving great expense.

Successful: accomplishing a desired aim or result.

Cramped: uncomfortably small or restricted

Spacious: (especially of a room or building) having ample space.

S13. Ans. (c)

Sol. Here, we will eliminate options (a) and (d) because they will not fit in grammatically as the article placed before the blank is 'a'. Also, among the remaining options, 'desalination' is completely out of context and will therefore be omitted. Only '**recalibration**' will fit in grammatically and contextually in the given statement. Hence, option (c) is the most suitable answer choice.

Recalibration: calibrate (something) again or differently.

Evasion: the action of evading something.

Corruption: dishonest or fraudulent conduct by those in power, typically involving bribery

Exaggeration: a statement that represents something as better or worse than it really is.

Desalination: the process of removing salt from seawater.

S14. Ans. (b)

Sol. Here, we can infer that government vehicles enjoyed certain privileges which have now ended. Here, '**impunity**' is the most suitable choice to define privileges. Hence, option (b) is the most suitable answer choice.

Impunity: exemption from punishment or freedom from the injurious consequences of an action

Lynching: (of a group of people) kill (someone) for an alleged offence without a legal trial, especially by hanging.

Squarely: directly, without deviating to one side.

Capacity: the maximum amount that something can contain.

Efficiency: the state or quality of being efficient.

S15. Ans. (d)

Sol. Here, we can clearly infer that India has taken certain actions regarding defence deals with Russia. It can either enter into deals or cancel them. As there is no option which could indicate towards cancellation of the deals, '**contracted**' becomes the most suitable word to fill in the given blank. Hence, option (d) is the most suitable answer choice.

Contracted: enter into a formal and legally binding agreement.

Justified: having, done for, or marked by a good or legitimate reason.

Reiterated: say something again or a number of times, typically for emphasis or clarity.

Motivated: provide (someone) with a reason for doing something.

Globalised: develop or be developed so as to make international influence or operation possible.
