

# VIDEO COURSES

for Government Exams

From the oldest and most trusted name in Exam Preparation which gave us Career Power, Bankersadda, Sscadda, here is the latest offering – Video Courses that are tailor-made for the Govt. Job aspirants of digital India. Various banking and SSC exams are conducted online with regular changes to exam pattern and level of questions. We understand the changing needs of the students and have devised a unique solution, making preparation easy, cost-effective and efficient.

Video courses for banking and SSC consist of exhaustive video lectures for government exams which are pre-loaded on an SD card. We offer these courses in two variants: [Android Tab + SD-Card] or [SD Card only]. The SD Card can be run on your personal android device as well. The video courses will run on the Adda247 mobile app, the number one App for Bank and SSC exam preparation.

## What you get?

**VIDEO COURSE**

Video Courses are available in:

- 32 GB Micro SD Card
- Android Tablet (SD Card Included)

## Available Courses

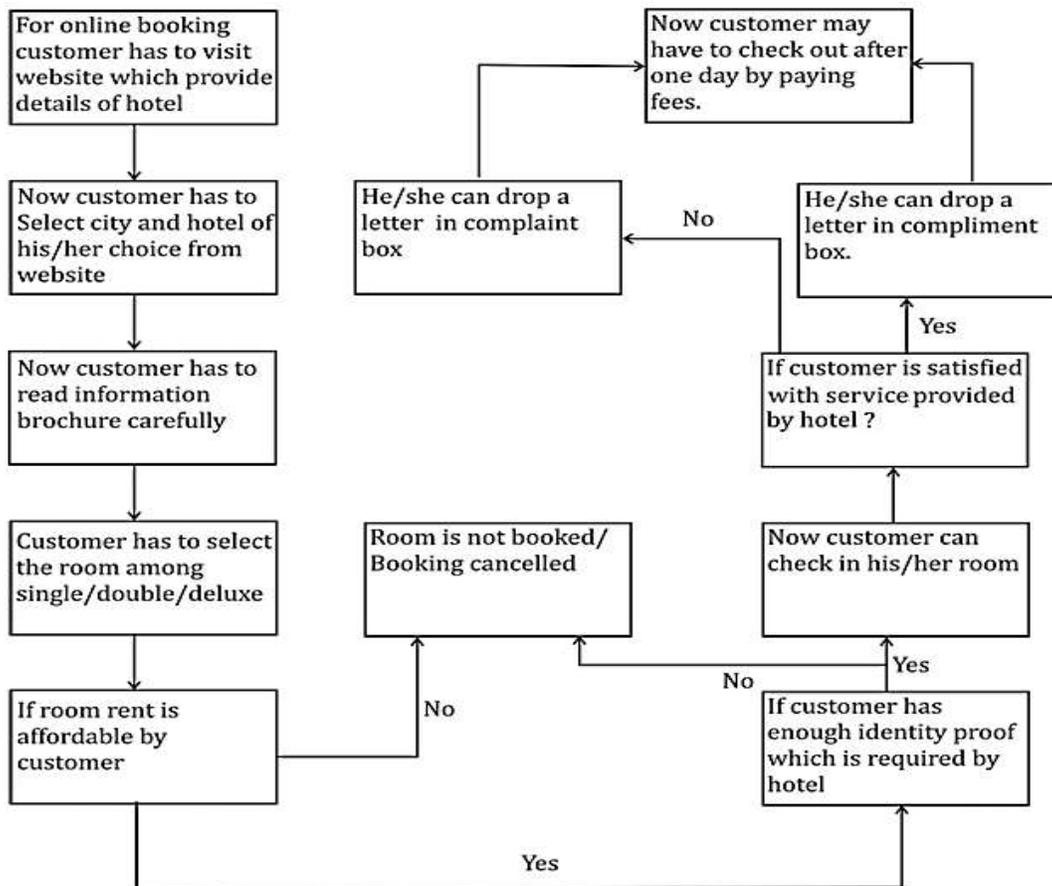

Bank	SSC	SSC	SSC
Banking Complete Video Course	Maths Video Course for SSC Exams	Maths + English Video Course for SSC Exams	SSC Complete Video Course

**Directions (1-5):** Read the following information carefully and answer the questions that follow:  
**A customer has to stay in city "X", so he/she has to book online a room in a hotel.**

Customer want to book hotel online for one day.

**Q1.** If customer want to book deluxe room but the rent/fee of room is not affordable by customer then which of the following steps taken by customer?

- (a) Customer may have to request to manger of that hotel regarding fees.
- (b) Customer can pay half fees immediatly while rest fees will pay in future.
- (c) Customer can submit affidavit that he/she can pay the deluxe room fee in future.
- (d) If deluxe room fee is not affordable by customer then he/she cannot booked that room.
- (e) Does not mention in DFD.

**Q2.** If customer is not satisfied with the service provided by the hotel, then which of the following steps taken by customer?

- (a) Customer can drop a letter in complaint box.
- (b) Customer can send a mail to the hotel manager directly.
- (c) Customer can directly complaint to the receptionist and get back his/her money.
- (d) Either (a) or (c)
- (e) Does not mention in DFD.

**Q3.If customer wants to stay one more day in hotel then which of the following step taken by customer?**

- (a) Customer has to again book online or ask to receptionist regarding booking once again.
- (b) Customer can directly pay fees online and now stay on more days.
- (c) Customer is eligible to stay in hotel up to his/her choice after once he/she checked in hotel.
- (d) None of these.
- (e) Does not mention in DFD.

**Q4. If customer has not enough identity proof then what will happen?**

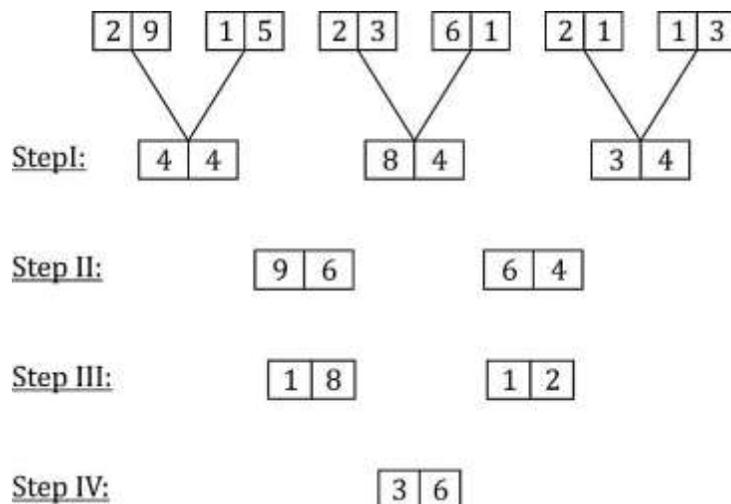

- (a) Customer has to made request to the receptionist.
- (b) Customer has to contact hotel manager regarding this and then he/she can book a room in hotel.
- (c) Customer has to pay additional fee then he/she can book room in a hotel.
- (d) Room cannot be booked as he/she has not enough identity proof.
- (e) Does not mention in DFD.

**Q5. While customer searches online on websites and he/she does not find any hotel in the city in which he/she wants to stay for one day then which of the following step taken by customer?**

- (a) He/she can directly walk-in to the hotel in that city in which he/she wants to stay.
- (b) He/she can request online to travel agent regarding this. And then travel agent arranges the room for the customer in that city.
- (c) Customer has to cancel his/her travel plan as he/she did not find any room in that city.
- (d) Does not mention in DFD.
- (e) None of these.

**Directions (6-10): Study the given information carefully and answer the given questions.**

An input-output is given in different steps. Some mathematical operations are done in each step. No mathematical operation is repeated in next step but it can be repeated with some other mathematical operation (as multiplication can be used with subtraction in step 1 and same can be used with addition in step 2)

As per the rules followed in the steps given above, find out in each of the following questions the appropriate step for the given input.

- $\boxed{1} \ \boxed{2}$     $\boxed{4} \ \boxed{1}$     $\boxed{1} \ \boxed{7}$     $\boxed{1} \ \boxed{9}$     $\boxed{2} \ \boxed{3}$     $\boxed{1} \ \boxed{1}$

**Q6. Find the addition of the three numbers obtained in step I?**

- (a) 123
- (b) 124
- (c) 125
- (d) 126
- (e) None of these

**Q7. Find the multiplication of two numbers obtained in Step III?**

- (a) 600
- (b) 500
- (c) 550
- (d) 575
- (e) None of these

**Q8. Find the difference between the two numbers obtained in Step II?**

- (a) 28
- (b) 17
- (c) 37
- (d) 27
- (e) None of these

**Q9. Find the square of number which is obtained in Step IV??**

- (a) 729
- (b) 676
- (c) 525
- (d) 625
- (e) 1000

**Q10. If digit is exchanged within the each block then find the multiplication of two new numbers obtained in step II?**

- (a) 1525
- (b) 1456
- (c) 1460
- (d) 1458
- (e) None of these

**Directions (11-15): Study the information and answer the following questions:**

In a certain code language

"and seven other nation " is coded as " #M1 #V19 #G15 @Z14 "

"annual summit meet began" is coded as " @M1 @F19 @V13 #V2"

" where the award take " is coded as " #S23 #S20 #D1 @Z20 "

**Q15.What is the code for 'shooting' in the given code language?**

- (a) @S18
- (b) #S19
- (c) @T19
- (d) @S19
- (e)None of these

**Directions (16-17): In the questions below are given some conclusions followed by five set of statements. You have to choose the correct set of statements that logically satisfies given conclusions either definitely or possibly. Assume the given statements to be true even if they seem to be at variance from commonly known facts.**

**Q16. Conclusions: Some E is not A. Some F is A.**

**Statements:**

- (a) Some F is E. All E is D. No D is B. Some B is C. All C is A.
- (b) Some F is B. All B is C. No C is D. Some D is A. All A is E.
- (c) Some E is C. All C is F. No F is D. Some D is A. All A is B.
- (d) Some E is B. All B is D. No D is A. Some A is C. All C is F.
- (e) None of these.

**Q17. Conclusions: Some P is R. No T is S.**

**Statements:**

- (a) Some P is Q. All P is R. No Q is S. Some S is T. All T is U.
- (b) Some Q is R. Some R is T. All T is P. No P is S. All U is S.
- (c) Some Q is U. All U is P. No P is R. Some R is S. All S is T.
- (d) Some S is T. Some T is P. All P is Q. No P is R. All R is U.
- (e) None of these.

**Directions (18-20): Question consists of five statements followed by five conclusions. Consider the given statements to be true even if they seem to be at variance with commonly known facts. Read all the conclusions and then decide which of the given conclusions does not logically follow from the given statements using all statements together.**

**Q18. Statements: Some shirt is pant. All pant is cloth. No cloth is blazer. All jeans is blazer. Some jeans is cap.**

**Conclusions:**

- (a) Some shirt is cloth.
- (b) Some shirt is not blazer.
- (c) No pant is blazer.
- (d) Some cap is blazer.
- (e) None of these

**Q19. Statements: All Jan is Feb. Some Jan is March. All march is April. No march is June. Some June is July.**

**Conclusions:**

- (a) Some jan is april.
- (b) Some march is feb.
- (c) Some april is not june.
- (d) Some july is april.
- (e) None of these

**Q20. Statements: Some Nike is lava. Some lava is Rebook. Some rebook is Nokia. Some Nokia is Samsung. Some Samsung is Xiomi.**

**Conclusions:**

- (a) Some Lava is Nike.
- (b) Some Xiomi is Samsung.
- (c) Some Nokia is Lava.
- (d) Some Samsung is Nokia.
- (e) None of these

**Directions (21-25): Read the following information carefully and answer the questions given below:**

Eight Motorcycles A, B, C, D, E, F, G and H are participating in a race. All are standing at a distance of 1 km, 2 km, 3 km, 4 km, 5 km and 6 km, from their immediate neighbours but not necessarily in the same order.

**CAREER POWER**  
AN IITIM ALUMNI COMPANY

**IBPS** **AGRICULTURE FIELD OFFICER (SCALE -I) 2017-18**

**COMBO**

- 10 PRELIMS MOCKS
- 10 MAINS MOCKS

Bilingual  
Only English Medium

- \* Two motorcycles are at the same distance of 5 km from their immediate neighbours. Motorcycle B is 3 km left of Motorcycle C and 6 km away from Motorcycle F.
- \* Motorcycle B is standing immediately between Motorcycle E and Motorcycle G at 5 km and 2 km respectively. Motorcycle H is 4 km left of Motorcycle E.
- \* Motorcycle C is second to the left of Motorcycle D. Motorcycle on the extreme left is 10 km away from E.
- \* Motorcycle H starts moving towards south and after going 3km; it takes right turn and going 2km and reached point M.
- \* Another Motorcycle J, which moves more than 3km but less than 8km towards north of point M (also divisible by 3), going X km towards east and stops at point K. If X is the shortest distance of Motorcycle A and Motorcycle H last position.
- \* Motorcycle 'C' moves 3km towards north direction, and then takes a left turn and goes 5km straight. Then it turns again to its right direction and moves another 7km and halts at point 'Y'.

**Q21. What is the shortest distance of Motorcycle J and Motorcycle C (From their new Position)?**

- (a)  $\sqrt{13}$ Km
- (b)  $\sqrt{65}$ Km
- (c) 11Km
- (d)  $2\sqrt{65}$ Km
- (e) None of these

**Q22. How many Motorcycles are there in between Motorcycles 'E and 'D'??**

- (a) Two
- (b) Five
- (c) Six
- (d) Four
- (e) None of these

**Q23. What is the new position of Motorcycle 'H' with respect to the Motorcycle 'A'?**

- (a) 5km towards north-west
- (b) 5km towards south-east
- (c) 6km towards east
- (d) 4km towards west
- (e) None of these

**Q24. What is the position of Motorcycle 'C' without turning to right with respect to point 'Y'?**

- (a)  $5\sqrt{5}$ km towards south-east
- (b) 5km towards north-east
- (c) 7km towards south
- (d) 10km towards north
- (e) None of these

**Q25. Which Motorcycle will be met first, if Motorcycle 'C' moves in the west direction before turning to right?**

- (a) G
- (b) J
- (c) K
- (d) Y
- (e) None of these

**Directions (26-30): Study the following information carefully and answer the questions given below.**

There are ten students are sitting in twelve seats in two parallel rows containing five students on each, in such a way that there is an equal distance between adjacent students. In row 1, A, B, C, D and E are seated and all of them are facing south, and in row 2, P, Q, R, S and T are sitting and all of them are facing north. One seat is vacant in each row. Therefore, in the given seating arrangement each member seated in a row faces another member of the other row. All of them have a different favorite subject i.e. Hindi, English, Sanskrit, Urdu, Art, Math, Science, Economics, Biology and Physics.

A sits second to left of one, whose favorite subject is Hindi. Either A or the one, whose favorite subject is Hindi, seats adjacent to the extreme end position. T sits one of the extreme ends of the row. There are three students sit between T and S, whose favorite subject is English. Immediate neighbor of T faces B. One of immediate neighbor of B faces R, whose favorite subject is Sanskrit. There are no vacant seats adjacent to R. C's favorite subject is Urdu and sits second to left of vacant seat. One of immediate neighbor of R is Q. Q's favorite subject is Art. One of immediate neighbor of Q faces D. D's favorite subject is Math. The one whose favorite subject is Science sits immediate left of the one whose favorite subject is Economics. The one whose favorite subject is Biology sits third to left of one whose favorite subject is Physics.

**Q26. Who among following sits on the extreme end of the row?**

- (a) E, Q
- (b) B, P
- (c) B, S
- (d) D, P
- (e) None of these

**Q27. Whose favorite subject is Physics?**

- (a) P
- (b) R
- (c) Q
- (d) T
- (e) S

The advertisement features the IBPS logo at the top, which consists of a blue square with a white lightning bolt and the letters 'IBPS' below it. Below the logo, the text 'IBPS SPECIAL COMBO 2017' is written in bold black letters. Underneath, 'with Video Solutions' is written in red. A dark blue box contains the text '360 TOTAL TESTS' in white. Below this, three bullet points are listed: '150 Full Length Mocks', '210 Practice Sets', and 'E-Books, Study Notes etc.', all in green. A white pill-shaped button with the word 'Bilingual' in blue is positioned to the right of the second bullet point.

**Q28. Who among following sits second to left of T?**

- (a) S
- (b) P
- (c) R
- (d) Q
- (e) None of these

**Q29. Who among following sits opposite to C?**

- (a) P
- (b) Q
- (c) R
- (d) S
- (e) T

**Q30. Whose favorite subject is Science?**

- (a) A
- (b) B
- (c) C
- (d) D
- (e) E

**Directions (31-35): Read the following information carefully and answer the questions given below.**

Eight family members P, Q, R, S, T, U, V and W are seated in a straight line at an equal distance between each other, but not necessarily in the same order. There are three generation in the family. Some of them are facing north and some are facing south. R's daughter is an immediate neighbour of one who is sitting at an extreme end of the line. Only three people sit between V and his wife. Q's daughter sits second to the right of P's brother-in-law. R's granddaughter does not sit at an extreme end of the line. P's mother sits on the immediate left of her son. R's wife is not an immediate neighbour of T's husband. The immediate neighbour of T's brother faces opposite directions.(i.e. If one neighbour faces north then other faces south and vice versa.) The persons sitting at the extreme ends faces opposite directions.(i.e. If one person faces north then other faces south and vice versa.) W's daughter-in-law sits second to the left of T's father-in-law. U faces north. U is not an immediate neighbour of S's aunt. The immediate neighbours of U faces same directions.(i.e. If one neighbour faces north then other also faces north and if one neighbour faces south then other also faces south).Both T and Q face a direction opposite to that of S.(i.e. If S faces north then T and Q faces south and vice-versa.) T is the only daughter of R. W is female member and U is male member.

**Q31. As per the following arrangements, which of the following statements is not true with respect to P?**

- (a) P faces south.
- (b) P is fourth to the right of Q.
- (c) P is 2nd to left of T.
- (d) P is between V and W.
- (e) None of these

**Q32. How many person sit on the left of Q ?**

- (a) One
- (b) Two
- (c) Three
- (d) Four
- (e) None of these

**Q33. What is the position of S with respect to P ?**

- (a) Immediate left
- (b) Third to left
- (c) Third to right
- (d) Fourth to left
- (e) None of these

**Q34. Who among following is grand-mother of S?**

- (a) T
- (b) S
- (c) W
- (d) R
- (e) None of these

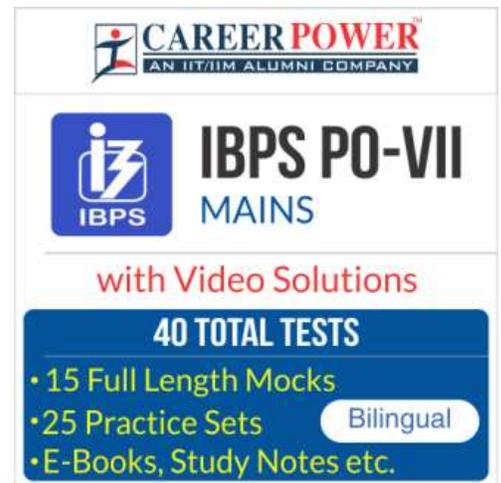

**Q35 Four of the given five are alike in a certain way based on the given arrangement and hence form a group. Which of them does not belong to that group?**

- (a) R
- (b) S
- (c) P
- (d) U
- (e) V

**Directions (36-40): Study the following information carefully and answer the questions given below:**

There are eight members Amit, Bipu, Chetan, Dinesh, Esha, Fiza, Geeta, Hina in a family, all are seated in row and facing to north (but not necessarily in the same order). Among them only two are married couple , there are only 3 male members in family. Also they are of different ages i.e. 60, 55, 36, 30, 27, 18, 16, 15 (but not necessarily in the same order).

The Sister of Chetan sits third to the left end of the row and both are immediate neighbor of each other. Amit is married to Dinesh's grandmother. The Brother of Geeta sits second to the left of his grandmother. Fiza is son of Amit who is the oldest person of the family. The Age of Chetan's mother-in-law is a multiplication of 11. The Wife of Amit sits extreme right end of the row. Geeta sits second to the right of Esha whose age in a perfect cube. Bipu is the mother of Fiza whose age is double of the one of his daughter. Dinesh sits between her grandmother and her father's only son. Dinesh is sister of Geeta and Hina. Amit sits second to the left of

Fiza's sister-in-law. Geeta is the daughter of Chetan. Chetan is the daughter-in-law of Bipu. Fiza sits immediate right of Esha. Hina is the youngest member of the family. Geeta's sister age is in a perfect square.

**Q36. Who among the following is the son of Esha's brother-in-law?**

- (a) Hina
- (b) Geeta
- (c) Dinesh
- (d) Cannot be determined
- (e) None of these

**Q37. What is the age of Fiza?**

- (a) 55
- (b) 27
- (c) 36
- (d) Cannot be determined
- (e) None of these

**Q38. Which of the following is the combination of male members in the family?**

- (a) Amit, Fiza, Hina
- (b) Amit, Fiza, Chetan
- (c) Fiza, Hina, Geeta
- (d) Hina, Amit, Chetan
- (e) Cannot be determined

**Q39. Which of the following is true regarding to the seating arrangement?**

- (a) Dinesh is the daughter of the one whose age is 60
- (b) The one whose age is 15 is brother of Geeta
- (c) No one is true
- (d) Esha is the wife of Fiza
- (e) Fiza has two sons

**Q40. Which of the following is Amit's position with respect to Esha?**

- (a) Second to the left
- (b) Second to the right
- (c) Third to the left
- (d) Cannot be determined
- (e) None of these

**Directions (41-45): Study the following information and answer the following questions:**

A, B, C, D, E, G and I are seven friends who study in Career Power at three different branches namely Mukharjee Nagar, Dwarka, and Laxmi Nagar such that not less than two friends study in the same branch. Each friend also has a different favourite subject viz. History, Civics, English, G.K., Reasoning, Maths and Economics but not necessarily in the same order. Each of the students attends the classes of his favourite subjects at different time

B attends his classes at 10 AM. G attends his classes at 7 AM. A likes Maths and studies in the Mukharjee Nagar branch with only one other friend who likes G.K. I studies with two other friends. There is only one hour gap between the time of class of the persons from Dwarka and the one whose favourite subject is G.K. Both the friends who study with I like the same subjects, which can be either Reasoning or English. D studies in the Dwarka branch with only one person and does not like civics. The one whose favourite subject is Economics takes his class at 8 AM. I attends his class at 8 'O clock. The persons whose favourite subjects are Economics and History do not have their classes at the same time. E studies with only one friend. The one who likes history does not study in Mukharjee Nagar nor Dwarka branch. E does not like G.K. subject. C does not like English, Reasoning or Civics. A and the one whose favourite subject is Civics have their class at 11 AM. C attends his class after D.

**Q41. Which combination represents E's favourite subject and the branch in which he studies?**

- (a) Civics and Laxmi Nagar
- (b) Economics and Mukharjee Nagar
- (c) Civics and Dwarka
- (d) History and Laxmi Nagar
- (e) Economics and Laxmi Nagar

**Q42. I attends his class at?**

- (a) 11 AM
- (b) 8 AM
- (c) 10 AM
- (d) 9 AM
- (e) None of these

**Q43. Who amongst the following studies in the Laxmi Nagar branch?**

- (a) G
- (b) C
- (c) E
- (d) D
- (e) Either D or B

**Q44. Which of the following combinations is definitely correct?**

- (a) I and Reasoning
- (b) G and English
- (c) C and G.K.
- (d) B and Reasoning
- (e) E and Economics

**Q45. Which of the following subjects does G like?**

- (a) Either Maths or G.K.
- (b) Either Reasoning or English
- (c) Either Reasoning or Civics
- (d) Either Reasoning or G.K.
- (e) Either Civics or Economics
