ENTRANCE TEST - 2026

Time Allowed : 2 Hours

Full Marks: 100

INSTRUCTIONS TO CANDIDATES :

1. IMMEDIATELY AFTER THE COMMENCEMENT OF THE EXAMINATION, YOU SHOULD CHECK THAT THIS TEST BOOKLET CONTAINS 20 PAGES AND DOES NOT HAVE ANY UNPRINTED OR TORN OR MISSING PAGES OR ITEMS ETC. IF SO, GET IT REPLACED BY A COMPLETE TEST BOOKLET.
2. You have to enter your **Roll No.** on the Test Booklet in the Box provided alongside **DO NOT** write anything else on the Test Booklet.

E	0	1	9	A	0	0	1	2	8
---	---	---	---	---	---	---	---	---	---
3. The Test Booklet contains 100 questions. Each question comprises four answers. You have to select only one correct answer, which you want to mark (darken) on the **Answer Sheet (OMR Sheet)**. If more than one answer is darkened, it will be considered as wrong.
4. You have to mark (darken) all your answers only on the **OMR Answer Sheet** using **BLACK BALL POINT PEN**. You have to do rough work only in the space provided at the end of the Test Booklet. See instructions in the Answer Sheet.
5. All questions carry equal marks. While one mark will be awarded for each correct answer, 0.25 mark will be deducted for each wrong answer.
6. Before you proceed to mark (darken) the answers in the **OMR Answer Sheet** to the questions in the Test Booklet, you have to fill in some particulars in the Answer Sheet as per the instructions in your Admit Card.
7. On completion of the examination, you should hand over the original **Answer Sheet (OMR Sheet)** issued to you to the Invigilator before leaving the Examination Hall. You are allowed to take with you the candidate's copy (second copy) of the **OMR Answer Sheet** along with the Test Booklet for your reference.

Direction: Read the following passage carefully and answer the questions (Q. No. 1 to 5) choosing the correct alternatives :

In today's fast-moving world, technology plays an important role in our daily lives. From smartphones to online learning platforms, technology has changed the way people communicate, study, and work. Students can now attend classes online, search for information instantly, and connect with teachers and classmates from anywhere in the world. However, while technology offers many advantages, it also brings certain challenges. Many students spend long hours in front of screens, which can affect their eyesight and reduce physical activity. Social media, although useful for communication, can sometimes distract students from their studies. Therefore, it is important to use technology wisely. Students should balance their screen time with other activities such as reading books, playing outdoor games, and spending time with family. Teachers and parents also play a key role in guiding young people to use digital tools responsibly. In the future, technology will continue to grow and influence education and society. By learning how to use it wisely today, students can prepare themselves for a better tomorrow.

1. What is the main theme of the passage ?
(A) Outdoor games
(B) Technology and its impact on students.
(C) School rules
(D) Family activities
2. Which is one advantages of technology ?
(A) It allows students to access information quickly.
(B) It replaces teachers completely.
(C) It removes the need for studying.
(D) It stops communication.
3. Which problem can excessive screen time cause ?
(A) Improved eyesight
(B) Increased outdoor play
(C) Eye problems and less physical activity
(D) Better concentration
4. Who should guide students to use digital tools responsibly ?
(A) Friends
(B) Teachers and parents
(C) The government
(D) Books

5. What does the writer suggest the students to do ?
- (A) Avoid technology completely
 - (B) Use technology all the time
 - (C) Stop studying online
 - (D) Balance technology with other activities

Direction: Answer the questions (Q. No. 6 to 15) choosing the correct alternatives:

60. What is the law that defines the demand curve to slope downward known as ?
- (A) Consumer equilibrium
(B) Diminishing marginal utility
(C) Utility maximisation
(D) Utility minimisation

Direction : Read the following passage carefully and answer the questions (Q. Nos. 61 to 64) choosing the correct alternatives:

In the contemporary world, the concept of sustainable development has become increasingly significant as societies attempt to balance economic progress with environmental preservation. Rapid urbanization and industrial expansion have undoubtedly contributed to improved living standards and technological advancement. However, they have also led to severe environmental challenges such as pollution, deforestation, and climate change. Consequently, policymakers, environmentalists, and scholars emphasize the necessity of adopting development models that ensure long-term ecological stability. Sustainable development advocates the responsible use of natural resources so that present needs can be satisfied without compromising the ability of future generations to meet their own requirements. This approach involves integrating environmental considerations into economic planning, promoting renewable energy sources, and encouraging sustainable agricultural and industrial practices. Furthermore, public awareness and community participation play a crucial role in achieving sustainability, as environmental protection cannot be accomplished solely through governmental policies.

61. What is the central theme of the passage?
(A) The growth of industrial technology
(B) The importance of sustainable development
(C) The role of agriculture in economic growth
(D) The history of environmental movements
62. What does sustainable development aim at?
(A) Increasing industrial production at any cost
(B) Preventing economic progress
(C) Meeting present needs without harming future generations
(D) Replacing all modern technologies
63. Which of the following is a method of achieving sustainability?
(A) Promoting renewable energy sources
(B) Increasing fossil fuel consumption
(C) Reducing educational programs
(D) Limiting international cooperation
64. Which of the following is true about environmental protection?
(A) It is solely the duty of governments.
(B) It depends only on scientific research.
(C) It requires collective responsibility and cooperation.
(D) It is impossible in modern societies.

Direction: Answer the questions (Q. Nos. 65 to 70) choosing the correct alternatives:

65. Which is the synonym of 'consequences' ?
(A) applications
(B) results
(C) difficulties
